## Summary

I am a Master's student in Computer Science at RPTU Kaiserslautern-Landau with an interest in Data Science and Machine Learning. I enjoy working with data, building intelligent models, and exploring practical applications of technology.

Through my studies, online courses, and personal projects using Python and SQL, I have gained hands-on experience in data analysis and machine learning. I am currently continuing to develop my skills and look forward to applying them in real-world projects.
